

GRETCHEN WHITMER  
GOVERNOR

STATE OF MICHIGAN  
DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS  
LANSING

ORLENE HAWKS  
DIRECTOR

## **NOTICE TO PREMANUFACTURERS AND INSPECTION AGENCIES**

### **CERTIFICATION OF PREMANUFACTURED UNIT COMPLIANCE**

#### **Change in code cycle:**

The State of Michigan's new code cycle for commercial structures has gone into effect on January 4, 2019.

No structure shall be approved or labeled on previous code cycles plan reviews as of the effective date.

The manufacturer will have to submit new sets of construction documents for review and approval.

#### **Exception:**

Any premanufactured unit signed under contract before the code cycle effective date will be allowed to be constructed under the code in the effect on that date.

Such structures have to be constructed within 90 calendar days of the signed contract date.

Any project delayed beyond the 90 days will have to be constructed under the new code cycle.

This will allow for existing units under construction or under contract to be completed using the codes that were in effect on the date construction started.

#### **The State of Michigan code cycle updates are as follows:**

**2017 Michigan Electrical Code**

**Effective Date: January 4, 2019**

If you have any questions regarding this matter, please contact us at (517) 241-9328.

Issued January 8, 2019
